

QUALITY INSTRUMENTATION AND CONTROL EQUIPMENT

SENSORS

- Pressure
- Photoelectric
- Ultrasonic
- Radar
- Inductive
- Capacitive
- Linear Position
- Encoders
- Inclinometers
- Laser Distance
- Measuring Arrays
- Temperature
- Vibration
- Blocked Chute

WATER & WASTEWATER

- Dosing Pumps
- Water & Wastewater Analysers
- Conductivity
- Dissolved Oxygen
- pH
- Lagoon Aeration
- Sludge Blanket monitoring
- Density Meters
- Chlorine Analysers
- COD, BOD, TOC
- Nitrate/Nitrite
- Ortho-Phosphate Analysers
- ATP Testing

SAFETY

- Safety Light Curtains
- Safety Controllers & Relays
- E-Stop & Stop controls
- Safety Laser Scanners
- Personnel Blowdown Booths
- Virtual Signage & Walkways

INDUSTRIAL NETWORKS CONNECTIVITY

- Cordsets
- Passive Junction Boxes
- BUS, Control & Instrument Cable
- Industrial Ethernet Cable
- Field Wireable connectors
- Industrial Switches

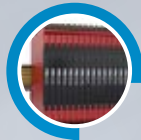

FLOW

- Magflow
- Insertion Magflow
- Paddle
- Turbine
- Variable Area/Rotameter
- Vortex
- Coriolis

LIGHTING & INDICATION

- LED Task lighting
- Tower lights
- LED Indicators
- Touch Buttons
- Vision Lighting

SIGNAL CONDITIONING

- Intrinsically Safe Interfaces
- Isolation
- Converters
- Repeaters
- Displays

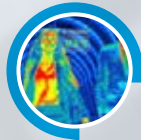

ENGINEERED PRODUCTS

- Piping Products
- Valves & Actuators
- Manifolds
- Mixers
- Filters & Strainers

CALIBRATION EQUIPMENT

- Temperature
- Pressure
- Gas

SECURITY & MONITORING

- LiDar
- Access Control
- Facial Recognition
- Body Temperature Scanners
- Video Analytics

TEMPERATURE

- Custom RTD's & Thermocouples
- Infra-Red

INDUSTRIAL WIRELESS

- IIoT Gateways and Controllers
- Industrial Wireless Radios
- Sensors & Nodes for Condition Monitoring

Temtrol TECHNOLOGIES

QUALITY INSTRUMENTATION AND CONTROL EQUIPMENT

Established in 1998, Temtrol Technologies is a privately owned and operated Tasmanian company. It prides itself on delivering exceptional industrial electrical contracting, including specialised services in optical fibre and the manufacturing of sensor products to their customers. Accountability is paramount to the operational ethics of the company, ensuring all work is delivered on time and on budget.

Over recent years the company has continued to evolve and expand, and has developed four key divisions to their enterprise: 1. Industrial Electrical Contracting; 2. Optical Fibre Technicians; 3. Analytical, Automation, Instrumentation and Electrical Sales; and 4. Design and Manufacturing of Temperature Sensors.

Temtrol Technologies value their staff as they play a pivotal role in the ongoing success of the business, from customer service, design, manufacturing, WHS to the delivery of products and services. Temtrol Technologies have been recognised for their advocacy and outstanding performance at both state and national levels for their practises and procedures.
